Check if the following parts are in the box / bag:

- 1 x Carry Bag
- 1 x Mattress
- 1 x Bedside Crib
- 1 x Tray
- 2 x Bed Attachment Straps
- 2 x Crib Sheets

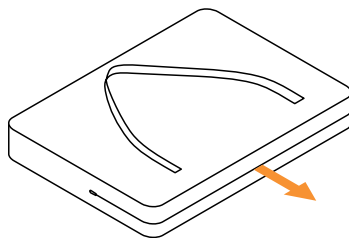

⚠ WARNING: Ensure that you follow all instructions carefully for the safe assembly, attachment, and packing away of the crib. Save all the parts for repeated use.

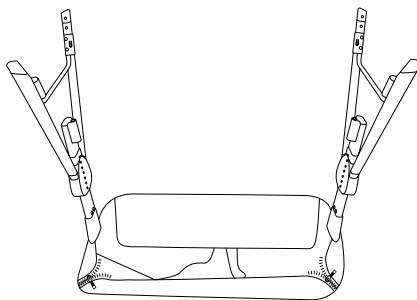

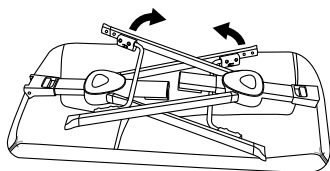

Assembling the Crib

Remove from bag

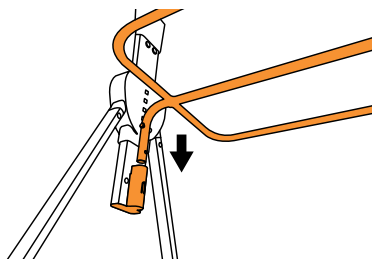

1. Remove the crib from the travel storage bag by unzipping it and sliding the bag off on a flat surface.

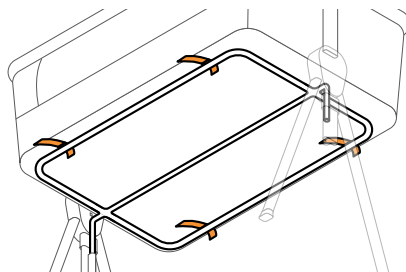

2. Lay the crib down on a flat surface and unfold the two legs until they are upright.

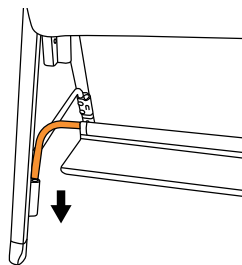

3. Slot the mattress base support frame into place.

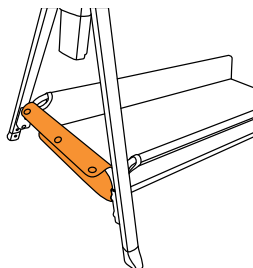

4. Attach the four Velcro strips on the base of the crib body to secure the frame and crib body together.

5. Turn the crib over to stand on its feet. Insert the lower tray at all four corners until it locks securely in place.

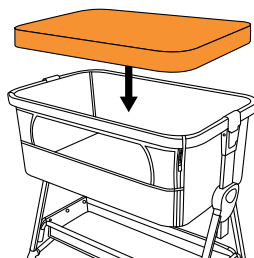

6. Then, securely attach the under flaps at each end using the velcro.

7. Place the mattress in the crib, and the crib is ready for standalone use.

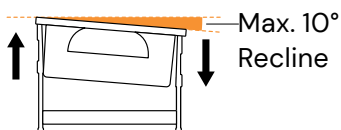

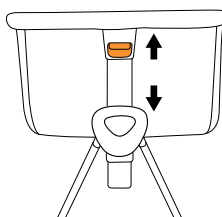

WARNING: Never use with another mattress on top.

8. The height is adjustable on either side using the press buttons located on each top side.

WARNING: When reclining the crib, ensure the height difference between the head and foot end is no be more than 10°.

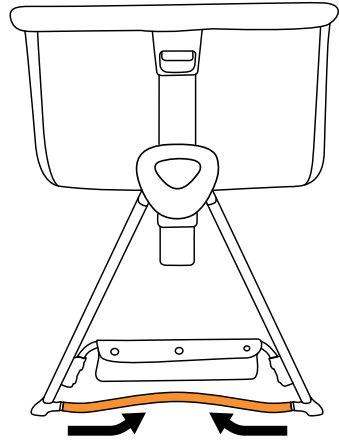

WARNING: Do not use the reclining feature when the crib is attached to the bed.

Rocking Function of the Crib

Standing Mode

To use as a stand alone crib or a rocking crib keep the crib in standing mode. Place the crib in the room clear of any near furniture or walls etc. so it is safe to use.

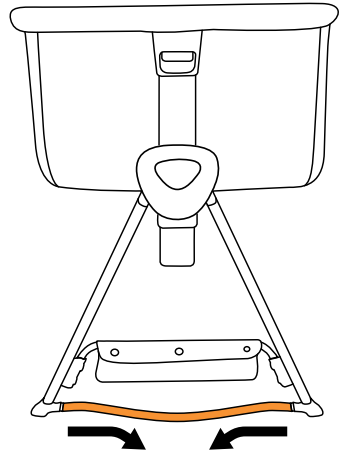

Rocking Mode

To use the rocking mode function adjust both sides of the crib legs by simultaneously pressing the release catches and turning the rocker base down so the crib can rock side to side.

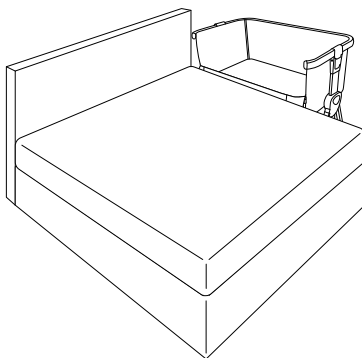

- ⚠ WARNING:** The crib should be locked in the fixed position when the child is left unattended.
- ⚠ WARNING:** Never violently rock the crib.
- ⚠ WARNING:** Do not use rocking feature when the crib is attached to the bed.

Ensure you follow these steps carefully for the safe assembly of the crib.

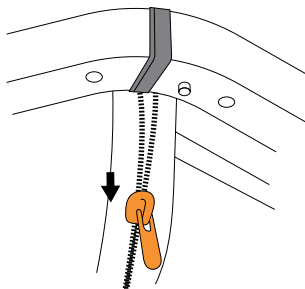

Attaching the Crib to a Bed for Co-sleeping

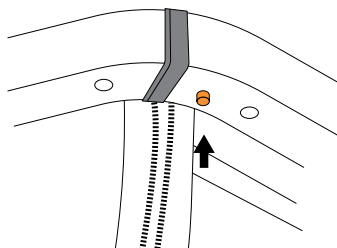

1. Position the crib on the side of the bed.

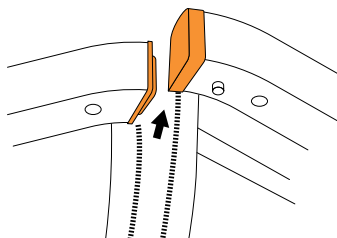

-
2. Unzip the two access zips on either side of the upper crib.

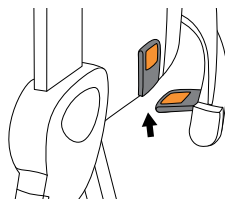

-
3. Press the buttons on the underside of the crib top rail

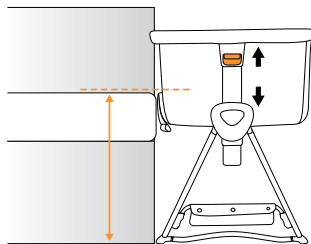

-
4. Lift the front crib section rim to create the opening.

5. Secure the crib drop side in place using the velcro straps.

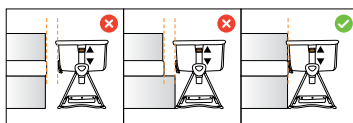

6. Adjust the crib's height to match the top of the bed mattress, ensuring that the opening at the bottom is in line with the top of the mattress.

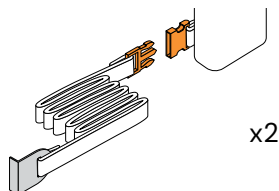

↑ Max. bed and mattress height:
520mm

Min. bed and mattress height:
400mm

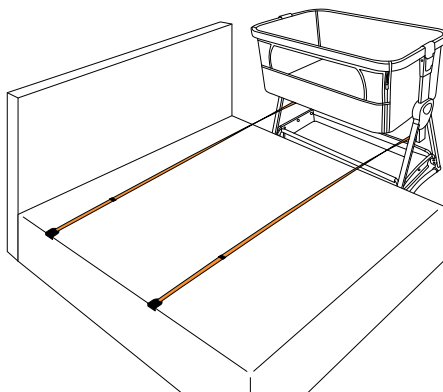

7. Take the restraint straps and attach them to the centre point of each side of the crib.

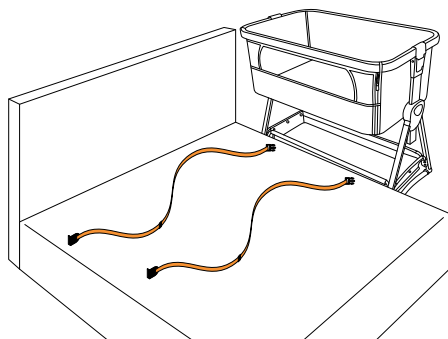

8. Stretch out the two attachment straps over the bed base and under the mattress. Adjust them with the buckle to securely fasten the crib to the bed so that there is **NO GAP between the bed and the crib** along the entire side.

⚠ WARNING: The crib must be securely attached to the bed for safe use.

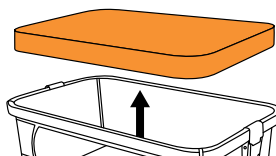

Packing Away The Crib

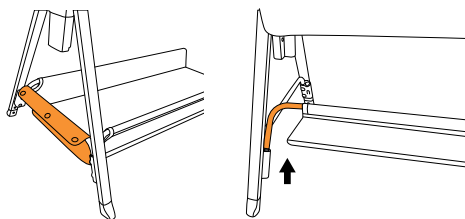

1. Detach the crib from the bed.

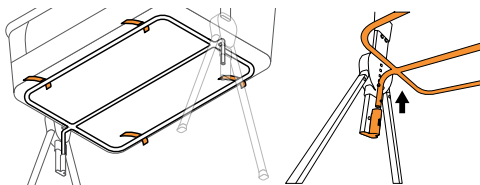

2. Remove the mattress.

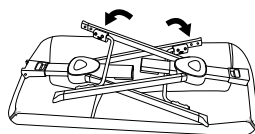

3. Undo the base tray by undoing the side Velcro and pressing the locks at each corner to release the base bars. Remove the base tray from the crib.

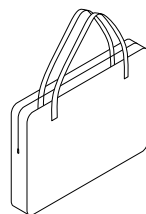

4. Undo the four lower corner crib Velcro fasteners for the metal base frame and remove the base frame.

5. Turn the crib over and fold the legs inwards.

6. Place all the components into the crib bag and secure it for traveling or storage.
